Section	100 Programs
Title	Extracurricular Activities
Code	122
Status	Draft

## **Purpose**

The Board recognizes the educational values inherent in student participation in extracurricular activities and supports the concept of student organizations for such purposes as building social relationships, developing interests in a specific area, and gaining an understanding of the elements and responsibilities of good citizenship.

## **Definitions**

For purposes of this policy, **extracurricular activities** shall be those programs that are staff-sponsored and approved by the Board and are conducted wholly or partly outside the regular school day; are marked by student participation in the processes of initiation, planning, organizing, and execution; and are equally available to all students who voluntarily elect to participate.[1]

For purposes of this policy, an **athletic activity** shall mean all of the following:[2][3]

1. An athletic contest or competition, other than interscholastic athletics, that is sponsored by or associated with the school, including cheerleading, club-sponsored sports activities and sports activities sponsored by school-affiliated organizations.
2. Noncompetitive cheerleading that is sponsored by or associated with the school.
3. Practices, interschool practices and scrimmages for all athletic activities.

## **Authority**

The Board shall make school facilities, supplies and equipment available and shall assign staff members for the support of extracurricular activities for students. Such availability and assignment shall be in accordance with the Equal Access Act.[4][5][6][7]

Any extracurricular activity shall be approved by the Board upon recommendation by the Superintendent and the school principal.

The Board shall maintain the program of extracurricular activities at no cost to participating students, except that the Board's responsibility for provision of supplies shall carry the same exemptions as listed in the Board's policy on regular school supplies.[8]

## **Off-Campus Activities**

This policy shall also apply to student conduct that occurs off school property and would otherwise violate the Code of Student Conduct if any of the following circumstances exist:[9]

1. The conduct occurs during the time the student is traveling to and from school or traveling to and from school-sponsored activities, whether or not via school district furnished transportation.
2. The student is a member of an extracurricular activity and has been notified that particular off-campus conduct could result in exclusion from such activities.
3. Student expression or conduct materially and substantially disrupts the operations of the school, or the administration reasonably anticipates that the expression or conduct is likely to materially and substantially disrupt the operations of the school.
4. The conduct has a direct nexus to attendance at school or a school-sponsored activity, for example, a transaction conducted outside of school pursuant to an agreement made in school, that would violate the Code of Student Conduct if conducted in school.
5. The conduct involves the theft or vandalism of school property.
6. There is otherwise a nexus between the proximity or timing of the conduct in relation to the student's attendance at school or school-sponsored activities.

### **Delegation of Responsibility**

Each school year, prior to participation in an athletic activity, every student athlete and their parent/guardian shall sign and return the acknowledgement of receipt and review of the following: [3][10][11][12]

1. Concussion and Traumatic Brain Injury Information Sheet.
2. Sudden Cardiac Arrest Symptoms and Warning Signs Information Sheet.

The Superintendent or designee shall develop administrative regulations to implement the extracurricular activities program. All student groups shall adhere to Board policy and administrative regulations.

### **Guidelines**

Guidelines shall ensure that the program of extracurricular activities:

1. Assesses the needs and interests of and is responsive to district students.
2. Ensures provision of competent guidance and supervision by staff.
3. Guards against exploitation of students.
4. Provides a variety of experiences and diversity of organizational models.
5. Provides for continuing evaluation of the program and its components.
6. Ensures that all extracurricular activities are open to all students and that all students are fully informed of the opportunities available to them. [1][13]

**Noninstructional time** is the time set aside by the school before actual classroom instruction begins, after actual classroom instruction ends, during the lunch hour, or other approved specified time.

The meetings of student groups cannot materially and substantially interfere with the orderly conduct of the educational activities in the school.

The Superintendent or designee shall establish the length of sessions, number per week, and other limitations deemed reasonably necessary.

The district retains the authority to maintain order and discipline on school premises in order to protect the well-being of students and employees and to ensure that student attendance at such meetings is voluntary.
